ABSTRACT

In 1991, a graduate follow-up survey was conducted to gather data regarding student perceptions and activities following graduation from the Wisconsin Vocational, Technical and Adult Education System (VTAE). The primary objectives of the survey were to identify current activities of VTAE graduates, to determine the extent to which these activities were related to the graduates' educational programs, to provide information to assist others in career decisions, and to provide data to facilitate program planning, evaluation, and development. A total of 14,265 graduates from the VTAE's 16 districts were surveyed. Usable surveys were returned by 12,404 graduates for an 87% response rate. Study findings included the following: (1) 60% of respondents were female, and 39% were between the ages of 20 and 24; (2) 97% of respondents were satisfied or very satisfied with their training; (3) 93% of respondents who were interested in employment were working, and, of these, 84% indicated that their jobs were related to the training they had received; (4) 90% of employed graduates were working in Wisconsin, with 81% of this group employed in the VTAE district where they received their training; (5) health programs had the highest number of graduates (n=3121) and was ranked second in terms of the percent with employment related to training (92%); (6) the median monthly salary for all 1989-90 VTAE graduates was $1,229. Detailed data tables and the survey instrument are included. (JMC)

OVERVIEW

Introduction

The Graduate Follow-Up Survey is conducted annually to gather data regarding the activities and perceptions of students approximately six months after their graduation from Wisconsin's Technical Colleges.

The primary objectives of the survey are to identify the current activities of VTAE program graduates, to determine the extent to which current activities are related to the graduates' educational programs, to provide information to be used as tools in career awareness and planning efforts for those making or assisting in career decisions, and to provide data to facilitate program planning, evaluation and development.

Methodology

The 16 districts in the Wisconsin VTAE System surveyed graduates of programs in their respective districts. The survey was conducted between October and December, 1990. A total of **14,265 graduates** were surveyed statewide with **12,404 responding**, resulting in a **response rate of 87 percent**. These responses were submitted to the Wisconsin Board of Vocational, Technical and Adult Education for compilation of this statewide report. A copy of the survey instrument is included as Appendix A. Basic concepts and measures used throughout the report are defined below.

The **labor force** includes all employed and unemployed individuals except those who are unemployed and not seeking employment. A person is considered **employed** if he or she worked for pay or profit at the time of the survey. Individuals in any of these groups may be employed full-time or part-time. Full-time employment is defined as 35 or more hours per week; part-time employment is less than 35 hours per week. A person is considered unemployed if he or she performed no work for pay or profit at the time of the survey but was looking for work.

Survey respondents who are employed classify their jobs as related or not related to the training they received. In the follow-up data tables beginning on page 9, respondents who indicate their job is related are counted in the **employed related** category. Thus, the employed related category is a subset of the employed category.

Monthly salary figures are reported for respondents who report being employed full-time in jobs related to their training. The salary range is based on the lowest and the highest reported figures. The **median salary** is the mid-point of salaries reported with half of the salaries below and half above the mid-point.

DEMOGRAPHIC COMPOSITION OF RESPONDENTS (1989-90 GRADUATES)

SEX

The male/female proportion of the respondents differs by 20 percent. There are 2,463 more females than males.

	Number	Percent
Females	7,428	60%
Males	4,965	40%
Not Reported	11	< 1%
TOTAL	12,404	100%

AGE GROUPS

The largest number of graduates who responded (4,856) is in the 20-24 year age group, which represents 39 percent of the total.

	Number	Percent
16-19 Years	568	5%
20-24 Years	4,856	39%
25-29 Years	2,127	17%
30-34 Years	1,704	14%
35-44 Years	2,222	18%
45-54 Years	725	6%
55-64 Years	142	1%
65 +	18	< 1%
Not Reported	42	< 1%
TOTAL	12,404	100%

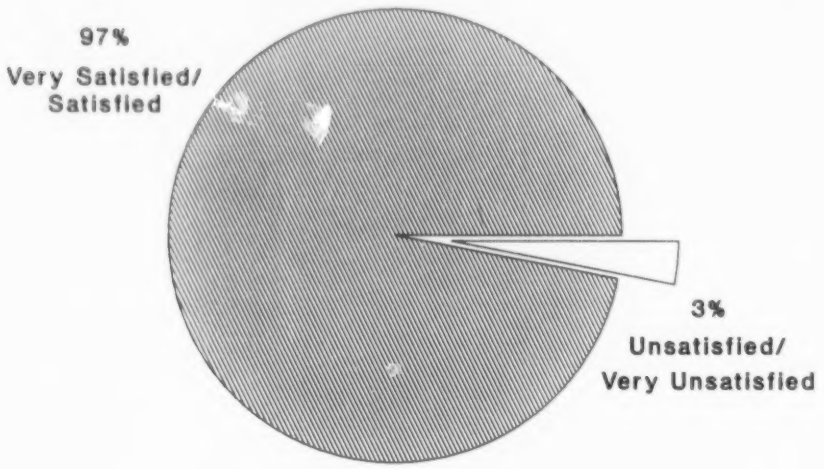
ETHNIC DESIGNATION

Of the graduates who responded, 5.4 percent are minorities, and 2.3 percent did not report their ethnicity.

	Number	Percent
American Indian or Alaskan Native	85	0.7%
Asian American or Pacific Islander	150	1.2%
Black	325	2.6%
Hispanic	108	0.9%
White	11,455	92.3%
Not Reported	281	2.3%
TOTAL	12,404	100%

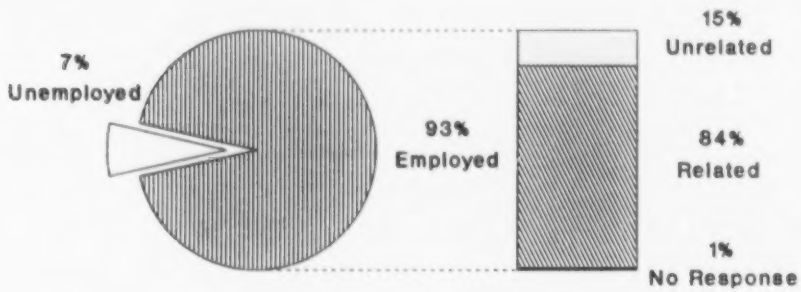
SATISFACTION WITH TRAINING

Graduates rated the training they received. Of the graduates responding, 97 percent indicated that they were satisfied or very satisfied with their training, and 3 percent stated that they were unsatisfied or very unsatisfied.



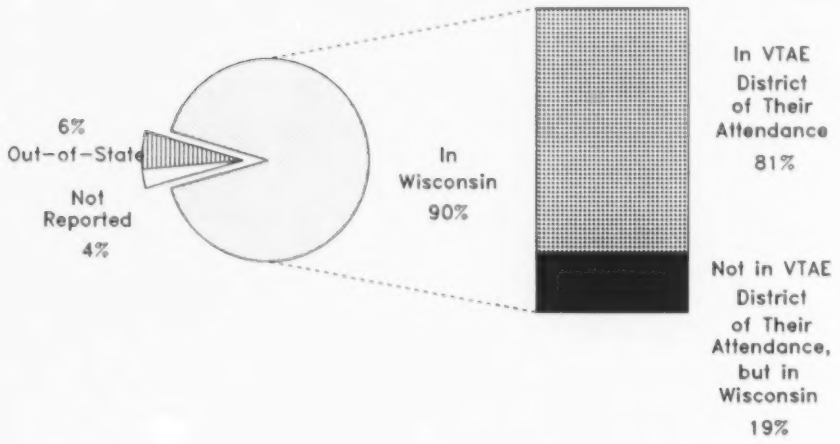
EMPLOYMENT STATUS

The chart below shows the employment status of the graduates who responded to the survey. Of the respondents who are in the labor force, 93 percent are employed and 7 percent are unemployed. Within the group who are employed, 84 percent indicated that their jobs are related to the training received, 15 percent reported that their jobs are not related, and 1 percent did not respond to the question.



EMPLOYMENT LOCATION

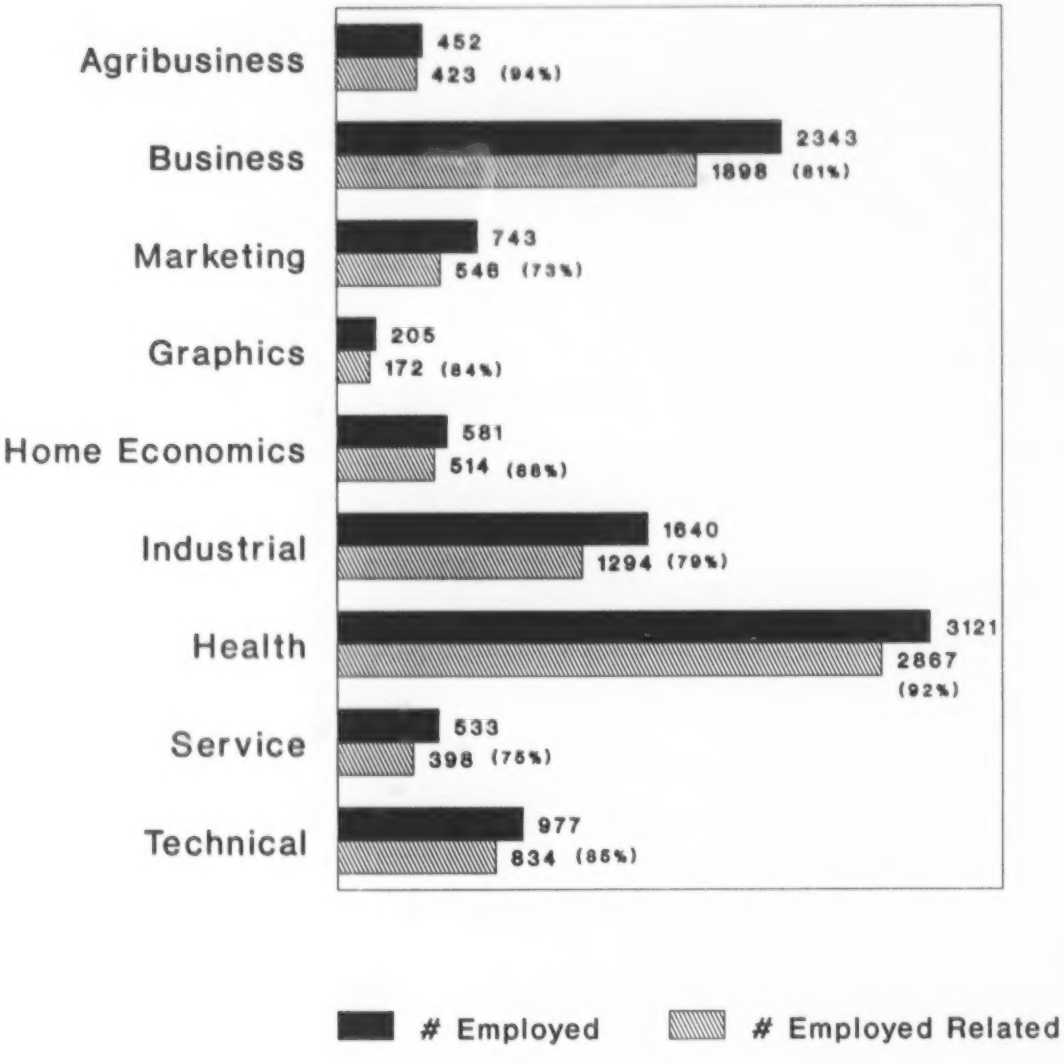
As indicated in the chart below, 90 percent of the graduates who responded to the survey are employed in Wisconsin, 6 percent are employed out-of-state, and 4 percent did not indicate where they are employed. Of those employed in Wisconsin, 81 percent are employed in the VTAE district where they received their training, and 19 percent are employed in another district.



EMPLOYMENT RELATED TO TRAINING BY INSTRUCTIONAL DIVISION

As shown in the chart on the following page, the majority of graduates who responded to the survey obtained employment in occupations related to their training. Health programs had the highest number of graduates (3121) and ranked second in terms of the percent employed related (92 percent). Agribusiness program graduates ranked first in terms of the percent employed related (94 percent), but had the second lowest number of graduates of all instructional divisions (452). Graphics programs had the lowest number of graduates (205), but 84 percent were able to obtain employment related to their training. Technical program graduates numbered 977, with 85 percent employed related. 79 percent of the 1640 industrial program graduates secured employment related to their training. Of the 2343 graduates from business programs, 81 percent were employed in a related occupation. 88 percent of home economics program graduates were employed related. Of all the instructional divisions, the service and marketing divisions had the lowest percentage of graduates who obtained jobs related to their training, 75 percent and 73 percent, respectively.

EMPLOYMENT RELATED TO TRAINING BY INSTRUCTIONAL DIVISION



MEDIAN MONTHLY SALARIES FOR INSTRUCTIONAL DIVISIONS

The chart below shows median monthly salaries in each instructional division. The median salary reflects the mid-point of all salaries reported for each instructional division. Salary figures are based only on those who report being employed full-time in jobs related to their training. The median monthly salary for all 1989-90 VTAE graduates of $1299 is only 7 percent less than the median monthly salary of $1397 for all Wisconsin industries and occupations (1989 Wisconsin Wage Survey, Department of Industry, Labor and Human Relations, adjusted).

APPENDIX A

1989-90 GRADUATE FOLLOW-UP SURVEY

Please check one answer.

1. How do you feel about the training you received at our school?

   - ☐ Very Satisfied
   - ☐ Satisfied
   - ☐ Unsatisfied
   - ☐ Very Unsatisfied

2. What was your primary reason for attending our school?

   - ☐ Preparation for getting a job
   - ☐ Improvement of existing job skills
   - ☐ Preparation for further education
   - ☐ Personal interest
   - ☐ Other: _____

3. Which one of the below best describes your present status?

   - ☐ Employed
   - ☐ Active military service
   - ☐ Not employed, but looking for a job
   - ☐ Student
   - ☐ Not available for employment; please list reason: _____

NOTE: If you are currently employed, please continue with Question 4. If not employed, please skip to Question 7.

4. When did you start working in your present occupation?

	Mo.	Yr.
☐ Before enrolling at our school	____	____
☐ While attending our school	____	____
☐ After leaving our school	____	____

5. Is your job related to the training you received at our school?

   ____ Yes ____ No

6. Please list the following job information:

   A. Job Title: _____
   B. Job Duties: _____

   C. Name of employer:

   _____
   Company or Firm

   Work address:

   _____
   Street

   _____
   City State Zip

   May we contact your supervisor in our Employer Survey as explained in the cover letter?

   ☐ Yes ☐ No

   If yes, name of immediate supervisor:

   _____
   First Name Last Name

   D. What is your present wage, BEFORE DEDUCTIONS? DO NOT INCLUDE OVERTIME. Please give one:

   $___/Hour $___/Week $___/Month $___/Year (Used only to compute average wages paid in your field.)

   E. How many hours do you work during an average work week?

   _____ Hours

7. Do you have any recommendations for improving the services and programs we offer?

   _____

Thank you very much for your cooperation. Please return this completed form in the postage-paid envelope as soon as possible.

The Wisconsin Board of Vocational, Technical and Adult Education is in full compliance with state and federal equal opportunity and affirmative action laws and regulations including Title IX of the 1972 Education Amendments and Section 504 of the 1973 Rehabilitation Act. It is the policy of the WBVTAE not to discriminate on the basis of race, color, national origin, creed, sex, age, handicap and arrest or conviction record in employment or on the basis of race, color, national origin, sex or handicap in education programs, admissions and activities. Coordination of Title IX and Section 504 have been assigned to the Affirmative Action Officer. Inquiries regarding equal opportunity may be directed to Affirmative Action Officer, 310 Price Place, P.O. Box 7874, Madison, Wisconsin 53707; (608) 267-9540.

VOCATIONAL, TECHNICAL AND ADULT EDUCATION DISTRICTS

WCIS

The Wisconsin Career Information System (WCIS) is a computer based program to provide quick, accurate and up-to-date occupational information for career decision making to a variety of publics. For more information, contact the Wisconsin Vocational Studies Center, University of Wisconsin-Madison, 1025 West Johnson, 1078 Educational Sciences Building, Madison, Wisconsin 53706 (608-263-2725).
